[AZ 086-0018b; FRL-6468-7]

**Approval and Promulgation of State Implementation Plans; Arizona State Implementation Plan Revision, Maricopa County****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve revisions to the Arizona State Implementation Plan (SIP) which concern the control of particulate matter (PM) emissions from residential wood combustion.

The intended effect of this action is to regulate emissions of PM in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). In the Final Rules section of this **Federal Register**, EPA has published a direct final rulemaking fully approving these revisions without prior proposal because the Agency views them as noncontroversial revisions and anticipates no adverse comments. A detailed rationale for this approval is set forth in the direct final rule. If no relevant adverse comments are received, no further activity is contemplated in relation to this rule. If EPA receives relevant adverse comments, the direct final rule will not take effect and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this rule. Any parties interested in commenting on this rule should do so at this time.

**DATES:** Comments must be received in writing by December 8, 1999.

**ADDRESSES:** Written comments should be addressed to: Andrew Steckel, Rulemaking Office (AIR-4), Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

Copies of the submitted revisions and EPA's evaluation report are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted revisions are also available for inspection at the following locations:

Arizona Department of Environmental Quality, Air Quality Division, 3033 North Central Avenue, Phoenix, AZ 85012

Maricopa County Environmental Services Division, Air Quality Division, 1001 North Central Avenue #201, Phoenix, AZ 85004

**Approval and Promulgation of Implementation Plans; Oklahoma; Visibility Protection****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing to take direct final action approving a revision to the Oklahoma State Implementation Plan (SIP). The revision concerns approval of the Oklahoma Visibility Protection Plan for the Federal Class I area. The EPA is also proposing to remove the disapproval of the Oklahoma SIP and resultant Federal Implementation Plan for failure to meet the requirements of section 169A of the Federal Clean Air Act.

In the "Rules and Regulations" section of this **Federal Register**, EPA is approving the State's SIP revision as a direct final rule without prior proposal because EPA views this as a noncontroversial revision and anticipates no adverse comment. The EPA has explained its reasons for this approval in the preamble to the direct final rule. If EPA receives no relevant adverse comment, EPA will not take further action on this proposed rule. If EPA receives relevant adverse comment, EPA will withdraw the direct final rule and it will not take effect. The EPA will address all public comments in a

subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time.

**DATES:** Written comments must be received by December 8, 1999.

**ADDRESSES:** Written comments should be addressed to Mr. Thomas H. Diggs, Chief, Air Planning Section (6PD-L), at the EPA Region 6 Office listed below. Copies of documents relevant to this action are available for public inspection during normal business hours at the following locations. Anyone wanting to examine these documents should make an appointment with the appropriate office at least two working days in advance.
